Attorney's Docket No.: 02703-023001 /

Please replace the paragraph beginning at page 2, line 7 with the following amended paragraph:

“Dry-creping” referred to here means ~~ereping~~ microcreping a preformed web, without the web being adhesively adhered to a surface (as in Yankee dryer) and does not preclude the addition of limited moisture during the process, as by adding a modicum of steam to the web to soften fibers to facilitate the dry-creping action.
